

Summer Term 2024

Year 1 - Bears and Owls

Growing and Changing Summer 1

Past and Present Summer 2

English

During Summer 1 our text will be *Jim and the Beanstalk*. We will be writing descriptive pieces as well as instructions linked to planting a seed. During Summer 2 our text will be *Dogger*. We will write a diary entry and create a reward poster. We will continue to practise our Read Write Inc sounds and reading lots of alien words.

Geography

This term we will be focusing on comparing the coast to our local area, looking at the similarities and differences.

History

In history this term, we will be looking at how life has changed within the past 50 years. We will compare our life to that of our grandparents and investigate modern changes.

PSHE

In PSHE we will be looking at relationships. We will be looking at how we grow and change and our family units. Our learning will also focus on the PANTS rule and how we keep ourselves safe.

Mathematics

This term we will be working on our 2, 5 and 10 times tables and using our knowledge to problem solve.

We will be looking at the clock face and learning how to tell the time using o'clock and half past. We will investigate money and how we can make amounts.

We will also be looking at $\frac{1}{2}$ and $\frac{1}{4}$ fractions of an object and an amount using real life examples.

Music

This term we will use BBC 10 pieces to listen and appraise music. We will create our own pieces using graphic score. We will select and combine sounds using classroom percussion and investigate Gustav Holst most famous composition Mars.

RE

This half term in R.E. we will be looking at the Buddhist religion and comparing it to the religion of Christianity. We will look at Buddhist festivals and celebrations. We will learn about why Buddha is special to Buddhists.

PE

This term we will be participating in team based games including rounders. We will further developing our throwing and catching techniques as well as other athletic skills including jumping, running and balance.

Science

This term we will be looking at plants. We will begin by naming some common plants and flowers, we will label the parts of the plants and we will grow our own sunflowers. We will also take part in STEM week. We will continue to observe our adopted tree, deciding if it is evergreen or deciduous.

Computing

This term we will learn all about algorithms and the importance of clear and direct instructions. We will create pieces of digital art adding various multimedia effects. We will continue with our First Lego League sessions.

Art

As part of our growing and changing topic we will continue to sketch and draw real life plants and flowers. We will also investigate Vincent Van Gogh's famous artwork.

DT

During Summer 2 we will design, test, make and evaluate a car using junk materials. We will begin to look at wheels and axels and how they work.
