

# The Butterflies - Foundation Stage

## Legs, Wings & Things

### Communication & language

We will be learning about rhyme by looking at objects that sound the same. We will learn the story of We're Going on a Bear Hunt, talking about 'who' is in the story. We will orally sequence the story to make a class story map.

 Spend lots of time learning rhymes and sharing them with your family.

### Personal, Social & Emotional Development

This half term we will continue to make friends with others, learning their names and sharing when playing alongside others.

We will continue to talk about how we feel, remembering times when we have felt excited, scared, happy and sad.

### Physical Development

We will continue with our weekly PE sessions in the hall on Mondays. We will be developing our spatial awareness playing lots of stop and go games, making sure we do not bump into anyone.

 Why not add some photos to Tapestry to show us how you get active at home. Do you go out on your bike? Run around the park? Go to a club? We would love to see you in action!

### Literacy

This half term we will be listening for the initial sounds in our names and developing our awareness of rhyming words. When sharing stories we will think about 'who' is in the story and 'what' happened.

 At home share stories with your family. Can you talk about 'who' is in the story and 'what' happened?

### Mathematical Development

This half term we will continue to practise counting objects to 15, making sure we touch each object as we carefully count it. We are beginning to recognise numerals to 10. We will be learning to recognise and name 2D shapes.

 Can you count a group of objects to 15 at home?

### Understanding the World

We will continue to visit the woodlands each week, looking at the features of our environment and how they are beginning to change. Our sessions will follow the children's interests and fascinations.

 On your way to school can you talk about the different things that you can see?

### Expressive Arts & Design

This half term we will be using large boxes and 'junk' to create models. We will begin to explore different painting techniques.

We will continue with our weekly music session, singing lots of rhymes as well as learning new rhymes. We will sing fast and slow, loud and quiet.

 **THINGS TO TRY AT HOME**
