

Maths

Written Work

We are beginning work on fractions this week. Look at the Powerpoints and try the worksheets.

Doodle Maths

Remember to login to Doodle Maths (every day if possible) and also use your Doodle Tables.

Hit the Button

Hit the Button is a great website to use to practise your times tables and you can challenge someone in your house to a game!

Activity Mat

Try the Maths Activity Mat to keep your maths knowledge up to date!

Maths Meeting

We will send another Maths Meeting for you to have a go at - you just need to watch the video and complete the activities in your learning books.

History

Evacuees

During the war, many children had to be evacuated. This meant that they had to be sent away from where they lived to keep them safe. Often, they were sent by train to smaller towns or villages in the countryside. Bileting officers were in charge of finding place for evacuees to live during the war.

Watch the powerpoint and the BBC video - <https://www.bbc.co.uk/teach/school-radio/history-ks2-world-war-2-clips-ww2-evacuation-index/zvs3scw>

Your task:

Imagine you are a child in the war and have had to be evacuated.

You are sat on the train, alone, with a name label on you. You are unsure of where you are going.

Write a letter home - tell your family how you are feeling. What would you ask them? Would you pretend you were doing well so that they wouldn't worry? Use the planning frame to help structure your letter.

English

Monday - Pobble 365 - The life of a snail - Write a diary of your day as a snail!

Tuesday - First News - Look Closer - Try the comprehension activity

Wednesday - Purple Mash - Log on and complete this week's Grammar activities.

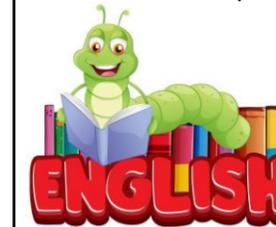

Thursday - Spellings - Five spellings to practice, practice, practice...

Thursday - Letters from the Lighthouse by Emma Carroll. Watch the video of Chapter 3 then complete the written tasks.

Friday - Letters from the Lighthouse by Emma Carroll.

Watch the video of Chapter 4 then complete the written tasks.

Reading Plus - We are keeping a close eye on your usage so remember to log in every day and check for any messages!
Site code - rpnewyol

Science

In Science, we are looking at air resistance as a force.

Try and make the parachute spinners (there is a template in your pack) and then try cutting the parachutes wings so they are smaller each time. Investigate how long it takes for your different parachutes to drop.

Remember to record your findings and to make sure you drop each parachute from the same height to keep it a fair test!

Year 5 Home Learning World War 2

SPRING TERM Week 5

Remember: Logon to Doodle Maths, Reading Plus, Accelerated Reader and Purple Mash

PSHE

We continue to think about the importance of mental health and ensuring that we talk about how we are feeling.

One thing we can do to help one another is to be kind.

Your task is to create a kindness diary - 7 things that you promise to do over the week for someone else. Have a look at the PDF and see if you can think of your own ideas too.

Let's spread the kindness!

Art/DT

French

PE

We challenge you to make your own miniature air raid shelter/Anderson shelter using junk/recycling! Take a look at the examples for inspiration.

In French, we are learning about food and drink.

Look at the Powerpoint to recap on the key words and then see if you can work out the cost of the three children's drinks. You will need to use some maths skills for this one!

Have a look at the Gymnastics @ Home balances pictures - can you create any of these balances in your home?

Are you able to control the balance?
Are you able to keep the balance for 3 seconds?
Can you develop different ways of moving between balances?

Ensure you keep active and keep trying to do your daily mile! A walk, a jog or even 20 minutes of jogging on the spot!
